EDITOR'S LETTER

Yowser – can it really be four whole weeks since I was last here, putting the final touches to the previous issue? Time certainly seems to fly when you're up to your ears in stupendously good-looking women, all clamouring to take their clothes off and appear in your magazine! Anyway, this month we extend a warm (if slightly trembly) hand of welcome to MF debutantes Penny and Charley, who look perfectly at home amid such exalted company! Enjoy the mag!

SHE'S THE BETH!

Dear *Mayfair*,
Beth was the first woman I'd ever met that was really into sex. I'd met girls before who liked to get fucked, but what 20-year-old girl doesn't?

She was a friend of my brothers and the first time I met her we had all met up on the common to drink and play rounders on a hot Sunday afternoon. She caught my eye, and every other bloke's, as soon as I saw her. She had on the tightest of white, denim hot pants and a red blouse, tied at the waist, 50s style. Her lips were an even darker red and her long blonde hair hung in waves over her shoulders. When she looked at you though, man that was when she stuck in your mind like a bee sting in bare flesh.

> “SHE TOOK HOLD OF MY PRICK AND RUBBED ME UP AGAINST HER NIPPLES…”

She could have had her pick of any of the guys there that day but in the end she picked me. I had talked to her during the day, flirting mostly, and she flirted right back at me, but it wasn't until the evening, when some of us had headed to the pub, that the time was right. I made sure I sat right next to her and she was more than happy to turn her attention to me. Clearly, she was as interested in me as I was in her. My eyes betrayed me a hundred times, falling down into her bosom and her silky thighs.

Needless to say, we left together and it was back to her place for me. She offered me a drink and we made small talk for maybe two sips before she took my glass off me and pushed herself up against me, her breasts weighing on my arm. Her lips were millimetres from mine and she looked deep into my eyes and ran her hand softly and slowly up my thigh until she had found my manhood. I was so hard she didn't have far to search. If it could, my dick would have unzipped my trousers and thrown itself into her open hand.

Beth laughed like she was pleased with her new toy and then stood up and turned her back on me. I watched as she undid the knot in her blouse and waited as she slowly unbuttoned it and dropped it from her shoulders to the floor. Then she unclasped her bra and, as it fell to the floor, she crossed her arms over her breasts and half-turned to look at me with an expression that said more than any words. Then she turned her back on me again and unbuttoned those incredible hot pants.

I had to undo my own trousers and fish out my dick; it was getting painful to leave it locked up. Beth bent forward, keeping her legs straight and pulled those hot pants from her skin, she was bare beneath and, as she bent, I had the most delicious view of her pussy and arsehole. She was free of any pubic hair and her lips parted as her hands neared her ankles, her pink pussy flashing angrily at me. As hurriedly as I could, I took off my shirt and began to yank my trousers down to the ground. Beth walked slowly over to me and helped me off with my clothes.

She knelt between my thighs and kissed my chest, licking and sucking on my nipples, her hands running up and down my thighs, her breasts brushing my helmet. Then she took hold of my prick and rubbed me up against her nipples, rolling my foreskin back and forth over my bell end and catching her teats in it.

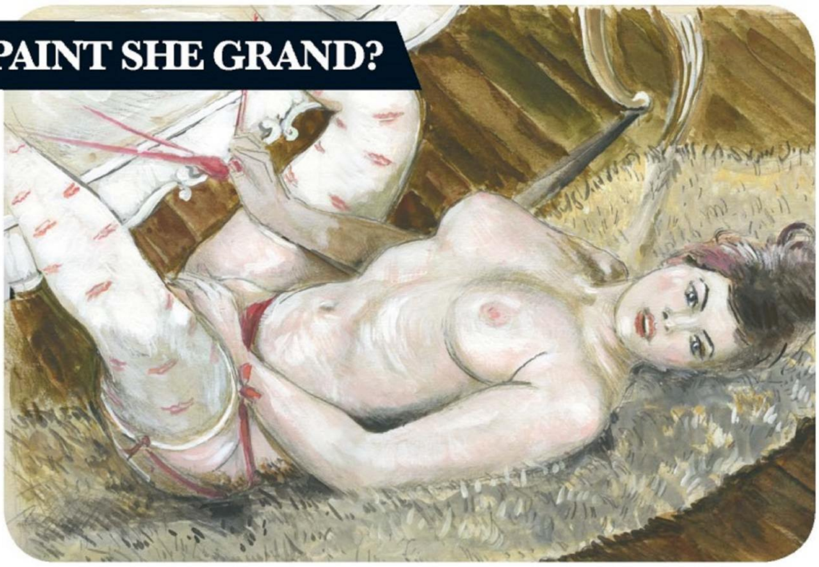
She reached across me for her glass of wine and, to my amazement, poured a small amount over my helmet, catching the droplets in her mouth below before sucking off what remained on my stem, her lips smacking together noisily. She

HOLLY GOOD SHOW!

Dear *Mayfair*,
I was thrilled to see the wonderful Holly Kent back in your magazine again, after what felt like a ridiculously long absence! There's something about the way she pouts with those full lips of hers (both sets, now I come to think of it – which I often do!) that drives me crazy. And yes, what a treat to see her sporting a good old fashioned bush! That picture at the bottom of page 47 gave a perfect example of what a furry but well-groomed pussy should look like! Please, let's have more Holly – and more bush – in Mayfair from now on!
Brian, Exeter.

pulled my dick down and stirred her drink with it, looking up at me. "I don't know which it is I prefer," she said. "My cocks to taste like wine or my drink to taste like cock," and then she took another suck on my prick. She gulped down the rest of her glass and placed it back on the table beside us. Her hand reached down for my balls and she weighed them thoughtfully. "Have you ever had your balls in someone's mouth before?" Beth asked and I shook my head dumbly. Christ, the sight of her opening her mouth around my sac and licking my bollocks inside is one I shall never forget. And the sheer delight of having her hum as she slowly tugged on my dick is probably the most amazing single pleasure I have ever had.

PAINT SHE GRAND?



Dear *Mayfair*,
I enclose herewith a painting I've done of the jubilant Jaye Rose – I hope she likes it! I don't know why, but the girls in *Mayfair* always seem to get my creative juices flowing, so please pass my effort on to the girl herself when you next see her!
All the best for now,
Gabriel, London.

I tried to pull her up to me, clasping her by her arms, but instead of letting me push her back down onto the sofa to kiss her face, she stood right up and placed one leg up on the seat beside me.

"I imagine you're so hot right now you'd shoot all your come way too early for a girl like me. So why don't you calm down a little and taste me?"

I wasn't going to argue. At that point all I could think about was slamming my dick up her hole as fast as I could and then blasting my come up her belly.

I looked up at her snatch, her lips were glistening, my cock in her mouth had obviously turned her on, so I licked tentatively between them to taste her heady musk.

"Drink?" she asked, drizzling some of my wine over her quim and into my mouth. I sucked her clitoris into my mouth and watched her as she took a drink from my glass and pulled my head in closer. Her fingers gripped my hair and she squirmed her pussy against my tongue, grinding herself into my face.

Then, turning around, she bent forward and offered me better access. I just knew that she wanted me to taste all of her and so I licked her from her cunt to her arsehole and she again poured wine over my mouth, splashing it down her crack and letting the red liquid drench her anus and slit before spilling onto my chest.

I pushed a finger up against her cunny, then I rubbed my thumb up against her ringpiece and she reached back and gripped my wrist, easing herself onto both finger and thumb. Sinking my teeth into her buttocks, I fucked her holes as she bucked against me, softly moaning and groaning. I eased another finger into her pussy and sought out her G-spot, wanting to make this amazing woman come. Her groans became louder and louder until she stopped and pulled my fingers and thumb from her holes. Turning round, she took hold of my arm and pulled me to the floor, pushing me down onto my back. "I think it's time I tried your cock out for size," she murmured and she straddled my thighs, reaching down to handle my cock and balls. This was perfect for me, you can lay me on my back and ride me all day and I won't come, I just feel so relaxed in that position that it's usually me that decides when I'm ready. I hadn't reckoned on Beth though.

Her pussy clamped down on my dick, holding me tightly, and she rested her hands on my chest, pushing down hard with every bump and grind, reaching back to play with my balls and making loud groaning noises. She pushed three fingers into my mouth and told me to stick my fingers up her arsehole and pull her open. I reached back and grabbed at her buttocks, my fingers searching for her anus as she raked my chest with her nails. I could feel my cock with the three fingers I had managed to push up her arsehole, which was a mind-blowing moment, believe me.

When she dug her nails deep into my flesh and stopped moaning, I knew she was about to come, and then her grinding jerked hard as she thrust her orgasm up through her body. Watching her come, I wanted more than anything else to shoot my seed deep inside her cunt, but I waited long enough for her to come hard and then I lifted her bodily off my dick and dropped her onto my thighs. Beth grabbed my dick before I did and pumped my come free from my rod. I shot great rivers of jism up her stomach and over her breasts and she squealed with obvious delight.

I shuddered, my orgasm had totally overwhelmed me and I sucked in hard to regain my breath. Beth, still hungry for sex, was scooping up my seed onto her fingers and licking them clean, a wicked look in her eye.

That night didn't finish for us until the sun was creeping through the curtains. Beth showed me that it isn't just us men who have insatiable desires – and she's continued to show it to me in many varied and exciting ways ever since.
Neil, Maidstone.

Dear *Mayfair*,

A glance at the calendar tells us it's been almost a year since we first featured the charms of Miss Jamie Jenkins in our pages, but no matter whether we're familiar with her wonderful bod or not, it still gets us in all of a tizzy when she's booked in for a shoot! We're not sure exactly what it is, but it's probably something to do with the way she combines a certain type of wholesomeness with a really dirty side…

"Hey, who are you calling wholesome!?" she objected when we put this to her. "I'd like to know what exactly there is about stripping off for your readers that you consider to be wholesome?"

Hmm, well, we don't exactly know, but we can imagine having a good laugh with Jamie somehow, even before we got to the bedroom.

"Maybe, but you'd have a better laugh when we were in the bedroom!"

Failing Douglas & Zeta-Jones Marriage 'Hastening Kirk's End'

Inconsiderate Michael "Sex Addiction" Douglas and Catherine Zeta-Jones's seemingly catastrophic marital difficulties are reported to be driving broken-hearted Kirk Douglas to an early-ish grave… notwithstanding that the man is 96.

All Kirk wants is to perish in an atmosphere of peace and quiet, according to insiders, but the insensitive couple won't even behave themselves until Kirk is gone, despite the legendary star's innumerable tearful attempts at intervention and pleas for them to stay together if only for the sake of their children, aged 13 and 10.

Kirk, who fought his way back from a devastating stroke in 1996, really doesn't need this sort of stupid crap at the end of his life, say friends, who report that since Michael and Catherine started their nonsense in April, Kirk has visibly gone downhill (for a 96 year old) and is now barely able to walk.

It is, indeed, a sad end for the actor who stood up against McCarthyism in the 1950s, risking his career to produce and star in a film which targeted the Un-American Activities witch hunt… not to mention his performances in so many classic movies, including *Ace In The Hole, Paths Of Glory, The Vikings* and, of course, *Spartacus*.

While bipolar Zeta-Jones is understood to want to take the kids to England *(What's wrong with Wales? - Ed.)*, insiders express surprise and annoyance that it is actually Kirk's nookie-obsessed son who seems to be pushing for a permanent split – and breaking his father's heart and health in the process…

The Gender Confusion of an American Newsman

Colleagues were gobsmacked and ever so slightly horrified back in May this year when portly ABC News editor Don Ennis appeared at work one wearing a little black dress and a red wig, announcing that he had begun hormone therapy and desired to be addressed as "Dawn", not Don.

But as creeped-out co-workers gallantly accommodated his wishes, the bloke in the frock started to entertain second thoughts, and in the course of the summer he suddenly turned up again as "Don".

Ennis penned an emotional explanation of his state in a memo he posted to the newsroom bulletin board, describing his "shock" after he woke up from what he called a bout of "transient global amnesia" (whatever that is) to discover he'd been taking hormones for months and had sprouted tits.

"Fortunately, my memories have since returned. But what did not return was my identity as Dawn," said Ennis. "I am writing to let you know I'm" [once again] "changing my name to Don Ennis. And it appears I'm not transgender after all.

"I am now totally, completely, unabashedly male in my mind, despite my physical attributes," he said, referring, no doubt, to his prodigious and unsightly knockers.

"I'm asking all of you who accepted me as a transgender to now understand: I was misdiagnosed."

His latest communication to workmates? "Look, I'm not fucking with you. This is not a joke."

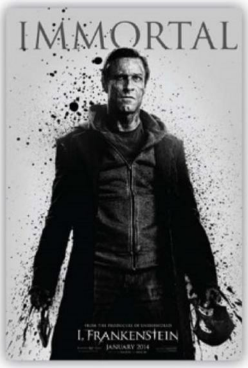
COMINGSOON

From Frankenstein To Arnie, Who Resembles Him

Coming down the pike, as our American cousins would say, at the very beginning of the New Year is *I, Frankenstein*, a tear-arse fantasy thriller from the talented creators of the *Underworld* series of films, most of which star our own Kate Beckinsale.

Set in a hideous dystopia where vigilant gargoyles and ferocious demons rage in a battle for ultimate power (again!), Victor Frankenstein's creation Adam (Aaron Eckhart) finds himself caught in the middle as both sides race to discover the secret to Adam's immortality.

The flick is based on the graphic novel of the same name by Kevin Grievoux, and brought to life by a cast which includes *Underworld*'s "Victor the Vampire" Bill Nighy, Yvonne Strahovski, Miranda Otto, and Aden Young as Victor Frankenstein himself.



And now, from a man with bolts in his neck to a man who has staples holding the tufts of ratty old hair onto the back of his head: former California governor and shotgun-toting robot from the future Arnold Schwarzenegger, following up on his ho-hum toe-in-the-water comeback flick *The Last Stand* with a monster budget effort called *Ten* (although from what we hear it's more like a 4.5, if that), co-starring Joe Manganiello, Sam Worthington, Harold Perrineau, Josh Holloway, and Olivia Williams.

Big Arnie leads as the preposterously too old for the job leader of an elite DEA task force which takes on the world's deadliest drug cartels. When the team successfully executes a high-stakes raid on a cartel safe house, they think their work is done… until the ten DEA men mysteriously start to be eliminated one at a time.

I don't think it would constitute a spoiler if I take a wild guess that Arnold will be the last one left standing with a cigar in his mouth.

PRODUCTNEWS

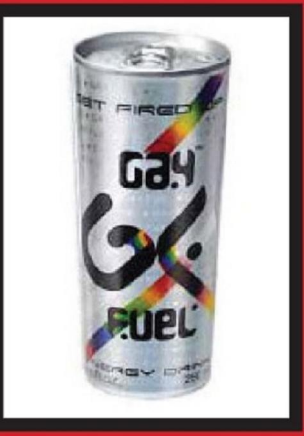
Boyfriend Pillows & Gay Fuel

Feeling lonely or unloved at bedtime? Either female or a homosexual? Then fear not. AB Marketers have the answer… the Deluxe Comfort Boyfriend Body Pillow.

The Boyfriend Body Pillow, which ships from Amazon in a selection of cheery colours is essentially a pillow resembling half a human torso with a comforting arm and cloth hand attached. The idea is that girls or gays can snuggle up to the pillow and place the comforting cloth hand on their thigh. And it only costs about 40 quid.

Each Boyfriend Pillow, which measures 22” by 9” with a simian 36-inch stuffed arm, ships with a removable microfibre shirt, and the torso part of the pillow is filled with polyester.

The advertising slogan? “Great for snuggling!” Better yet, and unlike real boyfriends, it’s machine washable!



Perhaps this would appear to be a much more bizarre product were it not for an energy drink marketed, until fairly recently, by Florida-based Specialty Spirits LLC, branded as “Gay Fuel”.

Seeking a market in the LGBT (that’s Lettuce, Genitals, Bacon & Tomato, according to my research) community, cans of Gay Fuel employed the slogan “GET FIRED UP.”

Gay Fuel was similar to Red Bull, except inasmuch as the liquid was dyed a hideous shade of bright pink.

More preposterously, the manufacturers claimed Gay Fuel contained a blend of sexual stimulant herbs and immune system boosters.

The can was silver with several rainbow stripes and admittedly very pretty. However, as of 2008, the official website appears to have gone offline.

Perhaps the LGBT community realised that the idea of ingesting a load of unnatural chemicals wasn’t good for them – or maybe it just didn’t taste very nice.

BOOKNEWS

VINCE FLYNN and THE MITCH RAPP SERIES

Sadly, the news concerning Vince Flynn’s best-selling career is not of the best, as he died, tragically young, only a few short months ago.

This said, Flynn, born 1966, leaves behind a legacy of absorbing and original thrillers steeped in the world of international espionage and political intrigue - and a character described by many of his novel blurbs as the CIA super-assassin America wishes that it really had.

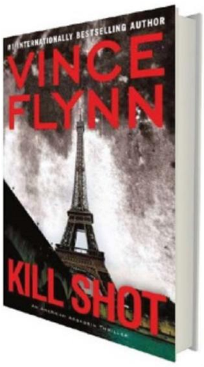
That character is no-nonsense hit-them-where-they-live black ops ninja Mitch Rapp, who is given a largely free hand by diminutive pants-suit-and-horn-rims-wearing CIA director Irene Kennedy to take out anybody who has ever so much as looked at a map of America sideways. This function Rapp performs with ill-disguised delight, stuffing live grenades down Arab terrorists’ throats and folding his arms as their heads explode, and at one point rigging a drugged Saudi bomber with C4 and instructing him to embrace his terrorist mastermind father. Their reunion ends in a big puff of smoke with Rapp smirking as he strolls away in disguise.

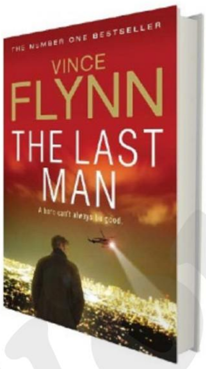
Though the series became even more popular following the events of 9/11 and the understandable popular longing for revenge, Rapp was originally conceived as a hostage rescue superhero who saves the president and CIA director from an assault on the White House… but after the attacks of September 2001, Rapp became an all-American assassin, growing more extreme with every novel as the wars in Afghanistan and Iraq brought increasing numbers of young Americans home in bodybags.

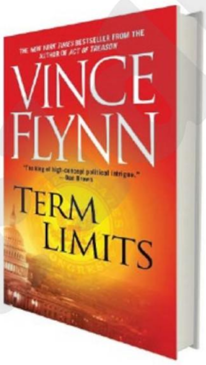
Latterly, as the real world mayhem intensified, Rapp moved into the ultra-dodgy realm of rendition and torture, and in three novels in a row he spent most of his time waving rusty knives at terrorist prisoners and kidnapped corrupt US politicians and threatening to saw off their balls. Sawing captives’ balls off was, in fact, a major theme in these books, often eclipsing the plot for several chapters.

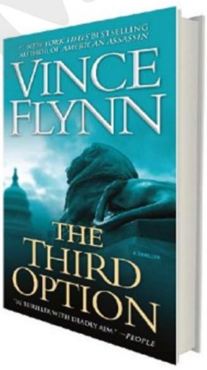
As the war in Iraq eventually wound down, however, Flynn began writing novels about Rapp’s early years in special ops, and no more genitals were threatened.

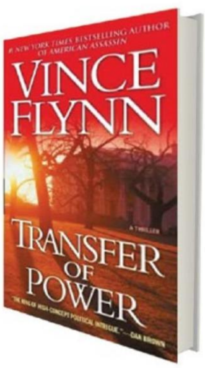
Immensely popular, and a very talented writer, Vince Flynn and the indestructible, monosyllabic Rapp are already missed by countless thriller aficionados.











Shyla Stylez has got a face - not to mention a body - that most mucky film fans will recognise easily enough, but where did she come from and how did she get where she is today? Well read on and you'll find out!

SHYLA STYLEZ

Blonde bombshell Shyla Stylez not only has one of the filthiest mouths in porn, but also one of the most voracious sexual appetites around – something she proves in each and every scene she appears in. And with a whopping 370 movies under her (garter) belt, that is no mean feat!

Born in a small town in British Columbia in September 1982, the sexy Canadian moved to the city of Vancouver upon leaving high school with an idea of taking her clothes off for a living. She began stripping, doing the occasional nude photoshoot and performing live webcam shows for small internet companies, but she wasn't satisfied. Her life might not have changed, however, if not for a chance encounter with fellow hardcore performer, Erik Everhard, in 2000, that gave her the chance she yearned for. She recalls, "Erik Everhard found me. He's also from Canada. I was in the right place at the right time. I knew I wanted to do movies before I was legal so I was waiting for the opportunity. There was no way of contacting anyone, but it just feel into my lap when Erik showed up. I did a Perverted Point of View movie [*Slap Happy*]. It was a scene with Erik; he shot it himself. I was a little scared. And Erik was with Anabolic at the time, so I was only working for them."

> “I KNEW I WANTED TO DO MOVIES BEFORE I WAS LEGAL SO I WAS WAITING…”

And only work with Anabolic Video she did, for two solid years from the tender age of 18, showing off her extreme sexual talents in such movies as *Up Your Ass 19*, which saw her perform an eye-watering

WORDS: Tamara Noon **PHOTOS:** Wicked Pictures, Digital Playground, Sage Style.

double pussy penetration, and *Gangbang Girl 34*, in which she impressively took on 10 guys, gobbling and devouring dicks like she'd been starved. But wasn't a huge surprise when the green-eyed sex-kitten decided to branch out in 2002, to begin working with other porn studios like Evil Angel and New Sensations – she even appeared in Snoop Dogg's rap-porno *Hustlaz: Diary of a Pimp* and bagged herself a non-sex role in John Stagliano's now-infamous *The Fashionistas*. But what was a surprise was Shyla's reinvention in the June of 2002, when she had a boob job (going from her natural 32B to a D-cup), had her hair braided and signed an exclusive contract with Jill Kelly Productions – famed for their tamer, glossier XXX features. This was a big change for the self-confessed gonzo lover, but in typical brash Shyla style(z) she didn't conform, instead bringing her over-the-top hardcore performances to the JKP stable. She said at the time, "I enjoy the sex in gonzo way more. It's much quicker and the sex is always much better! I love features because you get that whole glamorous look and I get to show off my acting. I'm trying to get the best of both worlds."

As she settled down in her professional life at Jill Kelly Productions, so her personal life also became seemingly calmer when she started seeing one of the company's executives, CEO Bob Friedland. They were wed in October 2002 after only a few months of dating, but sadly the marriage didn't last and, by August 2003 they were in the divorce courts, with Shyla claiming half his earnings. Ouch!

Her love life didn't get much better from there either; in 2004, while having an affair with the buxom beauty, a Californian assistant-sheriff called George Jaramillo was arrested and charged with six counts of felony corruption, with the porn star playing a part in his downfall. Exciting stuff, perhaps, but you have to feel somewhat sorry for the girl!

It was shortly after this that Shyla's contract ended at JKP and she decided to take a complete break from porn. Using the moniker Amanda Auclair, she went on to work in mainstream Hollywood, making a number of B-movies, such as *Alabama Jones and the Busty Crusade* and *Sexual Suspects*, the latter being a made-for-TV film. We haven't had the pleasure of seeing any ourselves, but we hear they really are something to behold!

We were still grieving the loss of one of the adult world's finest starlets when she came out of retirement in 2006 – with even bigger bazookas! Just when we didn't think she couldn't get any better, Shyla emerged with a toned down look and brand new, bought-and-paid-for pair of 36DDs, enhancing her already mouth-watering figure to a perfect 36DD-23-32. Thankfully, her mammoth appetite for all things deviant hadn't changed – nor have they since – and she went on to shoot such must-sees as *Bluebirds Stormtroopers 1*, Hustler's *Shyla Stylez Superstar* and Digital Playground's award-winning blockbuster *Pirates II: Stagnetti's Revenge*, proving herself to be as popular and hardworking as ever.

These days, Shyla's reputation precedes her; she's still as much in demand as she was 10 years ago, and it's little wonder – she may be classed as a 'veteran' and cast predominantly in MILF movies but the sexy stunner still enjoys performing anal, A2M, squirting and facials in gonzo flicks, albeit high-end ones. In 2010, *Maxim* named her as one of the top 12 female porn stars, and the following year saw her inducted into the Urban X Awards Hall of Fame, cementing her fame in XXX history.

With her blow-job lips and fuck-me eyes, if you're not yet familiar with Shyla Stylez we reckon you're missing out! Check out her Twitter page – @shylaxxx – or get your mitts on one of her delectable films; we guarantee you won't be disappointed!

☐☐☐☐☐☐☐

OK, we know what you're thinking – Bunny here isn't your typical English Rose, so doesn't she fall foul of our self-imposed 'Brits only' policy? No, not in the least. Yep, her parents hailed originally from Thailand, but she's been living over here in Blighty for donkey's years now, and has made South West London her home. Combined with her seductive charms and her willingness to please (not to mention the sort of pube-dappled pussy that'll get a certain portion of our readership a bit misty eyed), we reckoned that was more than good enough for our purposes! But what does the girl herself think about appearing in *Mayfair*…?

"I'm totally thrilled!" she gushed. "When I got in touch I hoped you guys would want me, but I wasn't 100% sure."

Oh, we want you – don't worry about that!

21st CENTURY TOYS

Time now to lube up your mind-hole as JAMES SAINT returns, ready to unload his unfeasibly full tech-testicles all over your hot-fact-receiving face...

We here at the home of Titileaks don't tend to get involved in politics, but given the growing unrest in the Middle East we've decided that something needs to be done, something that can help bring peace to these otherwise explosive areas, help the people there unite as one and end the mindless and meaningless bloodshed. To that end, this month sees us embark on the first leg of the Mayfair Tits and Tech Tour – a live stage show of technology both consumer and weaponised set against a backdrop of absolutely starkers ladies dancing provocatively around poles, riding sybians and presenting said gadgets to audiences across Egypt, Syria, Iraq, Iran and Afghanistan, helping to bring them and the wonders of Western Society closer together. We've already received the blessing of the US Government which has offered to help with security by providing 65,000 troops to guard against thefts and such like.

So, just what will we be taking on tour (other than a ton of tits and masses of mimsy)? Well, to start with, this awesome assortment of electric-powered frippery covering alfresco audio, the power to put online porn in the palm of your hand, and even a means to exploring and sharing creativity by, say, drawing a cock with a bit of jiz coming out of the end and instantly sharing it across social knockingoneoutworks!

If all this doesn't excite, arouse and incite the people of the Middle East – as well as give them some great ideas for Christmas – then nothing will!

What? 69p? 69? What the hell can you buy these days for 69p? Well, if you already made the mistake of spanking out your cash-cock for an iPad and are now so poor that you have to turn to Jamie Oliver to learn how to feed yourself on nothing, then 69p gets you the latest Bamboo Paper app to add to your expensive Apple to help you remember what getting "value for money" feels like. Originally developed for note taking, the app has evolved into a digital catch-all for notes, drawings and, well, anything else that suddenly pops into your head but you know won't stay there for long due to some mental illness or head injury, and you can do this by either using your finger (the app comes with 'Palm Rejection' which eradicates accidental markings caused by your hamfistedness), or by spending £2.49 on special app-associated tools, such as the Wacom stylus, pencil or watercolour brush, to make your words neater and your drawings and paintings look like something other than shit daubed on a piece of glass by a chimp.

> "Originally for note-taking, the app has evolved into a digital catch-all..."

Available for download now from the App Store and Google Play (yeah, a more simplified version is available for some Android tablets too), if you must go around expressing yourself and sharing over the usual social network suspects, at least have a go at making it seem professional... if only for the mere seconds of initial viewing.

Apple iPhone 5c dependent on contract (from £469 contract free)

Finally, after years of being the property of only the very rich and thieves, Apple have done the decent thing and created a whole new iPhone that they claim even the breadline-bordering plebs will be able to afford, apparently: and they've called it the iPhone 5c.

Launched last month (alongside the ground-not-disturbing iPhone 5s, in case you didn't notice), the 5c has clearly been aimed to appeal to the colour-blind Chinese market, young kids and the blind, coming as it does in a selection of five equally lurid colours and being made out of plastic. But that's OK, because it also come with a speedy A6 chip, an 8-megapixel rear snapper, the all-new iOS 7 and 16GB of storage dependent on the model. Adding to the aesthetics, each model also has a choice of wallpapers to enhance and complement their awful choice of chromatism, So in summary, it's almost exactly like the original iPhone 5, but tackier to look at and not as pleasant to hold... and not that much cheaper either. What does the 'c' stand for, I wonder...?

Mu £25

OK, bear with me here. Yes, the Mu is a plug and more the thing you attach to a gadget in order to fill it with lovely leccy juice, but in this case the Mu is far more – it's an innovative design revelation!

Did that come across as a bit strong? Well tough titty, because that's exactly what we have here – a plug to complement the minimalist design of the most popular of modern gizmos, the man behind the Mu, Min-Kyu Choi, has taken the accepted, clumsy idea of the plug and reinvented it as this sleek and genuinely smart folding power-provider that – as will please readers of this upstanding organ, requires merely that you peel back two flaps and screw to unleash electricity from the mains and into the moulded bodies of each and all of your portable phones and devices via its all-encompassing USB.

Despite being green on the gadget-scene, the Mu has already racked up more design awards than a whole army of Kevin McLeods and, indeed, infinitely more than any plug that has ever come before it. Yes, the price may seem a bit steep, but for those that prize the combination of slick design and tech function that made iThings such a hit, this is the logical leccy loosing accessory of choice.

NudeAudio Move M £40

We've looked at quite a few options for getting your music out of your smartphone and into your ears in a manner that doesn't skimp on sound or involve taking a degree in advanced electrical engineering first in recent issues, but out of all these "portable, "wireless" approaches, none was what we could honestly call "pocket-sized". Well, hold the phone, Comanche, because all that is about to change, thanks to the trouser-envelope-dwelling diminutive stylings of the air-moving Move M from somebody called NudeAudio… who we like to imagine are indeed naked when they assemble the part and wield something called a "cockhammer" to put them together.

Hooking up to your smartblower over Bluetooth 3.0, the wireless connection is meatier, helping to enhance audio quality, plus once paired you can control playback from the M without having to touch your device, skipping, fast-forwarding etc, without the need to finger your phone at all. Reasonably robust, the M's ickle size means you really can carry it anywhere in comfort, annoy the ear-fuck out of everyone around you for up to eight hours on a full charge and, with the assistance of the built-in high-fidelity twin microphone, use the mini music marvel as a speakerphone too, keeping it trousered to make people nearby think you have a talking cock! Awe and then some.

Oregon Scientific Illumi Ambience £170

Oregon
23:38

Do you hate starting each day in the throes of a near-heart-attack, sweating and screaming as you've torn from your slumber by a klaxon that could almost be signalling the opening of the doors of Hell? Who wouldn't? Yes, while modern alarm clocks can now wake you with a series of pre-selected sounds (birds chirruping, a babbling brook etc.), a favourite radio station or, in the case of some smarter ones, your favourite song from off of your MP3-player/smartphone, why do you need noise to arouse you at all when the same waking-world effect can be achieved using nowt but the medium of soothing light? That's certainly how Oregon think, anyway, hence the Illumi Ambience which, running in conjunction with a sleep pattern measuring app, awakens you at the optimal point in your rest with its smart wake up light in an owner-defined colour, wrestling you into savage reality as gently as possible.

Naturally, sounds are also available if you sleep more heavily than TV fatty man James Corden, along with FM radio and, yes, audio from your own digital music repository. And, as a final selling point, the colour you chose can be changed by simply sticking your hand through the hole; or indeed, any other appendage.

Once upon a time Apple reigned supreme in the juvenile tablet market, but as the handheld arena has grown and the public has learnt the limitations of the pricey iPads, Android OS-operated tabs have overtaken the fruit-based option and even compu-slates running on the old fashioned PC operating system of Windows are now getting a look in. However, for us, when it comes to compu-slates such as the new HANNSpad, we favour the versatility offered by Google's open source OS.

Operating on Android 4.1, this new contender for your cash is a 10.1-inch high-def capacitive multi-touch screen monster, offering an ARM Cortex A9 1.2GHz Quad Core processor at its centre for processing speeds faster than an electric Einstein, 1GB of DDR3 memory, 16GB of internal storage (expandable to 32GB via Micro SD card), stereo 1W speakers, Wi-Fi 802.11b/g/n, Bluetooth 3.0m a 2-megapixel rear camera (0.3 upfront), built-in microphone, mini USB and HDMI ports, and, of course, that aforementioned tasty Android Jelly Bean OS holding the whole shebang together. All of which put the HANNSpad on a par with Apple's pad, but offers more flexibility due to their being no restrictions on the apps you use or how you use them.

Then there's the price. A 16GB (not expandable via Micro SD) 9.7-inch iPad 2 costs a penny shy of £400, whereas this 10-inch HANNSpad is a penny shy of £160. Even the ghost of Steve Jobs has ordered one.

Dear Readers,

This month I thought I'd treat you to one of the very hottest babes these isles have produced this generation – the one and only Tommie Jo! If there's a prettier girl with lovelier boobs (not to mention the rest of her) out there at the moment, then I've yet to meet her - and I'm in the business of meeting pretty girls with lovely boobs!

For this shoot TJ was feeling rather playful, and it wasn't too easy to get the pictures shot, frankly. Still, I did my best, keeping the camera steady as she threw some rather spectacular shapes – I hope you enjoy them!

◀ Continued from page 05

“NEXT THING I KNEW, NADIA WAS ON ALL FOURS WITH HER FACE BETWEEN CAMILLA’S THIGHS.”

ons. A couple of girls have told me that they virtually had to beg their previous partners for foreplay, but I’ll spend hours over it – the juicier I can get a woman’s snatch, the better for both of us.

Sometimes I’ll spend ages just kissing, maybe giving her nipples a little rub every now and again. By the time my hands have worked their way down to her pussy, she’ll be desperate for a couple of fingers inside her, but even then all I’ll do is stroke her outer lips, sometimes just cupping them through her knickers. She’ll be so juiced up by the time I finally get her naked, that she’ll be begging for it!

I remember one girl called Suzy who I got so horny I didn’t even need to touch her before she came; I just watched as she lay there with her legs splayed, pulling her pussy wide open with two hooked fingers until little spasms she couldn’t control forced out her juices, which trickled down her arse crack. When I finally got to lick her snatch, she practically screamed the place down! I buried my tongue inside, as far as I could, and used a couple of fingers to diddle her clit. She clamped herself around my tongue, but even when it seemed she was too sensitive for what I was doing, her fingers were still tangled in my hair, so I couldn’t pull away.

Sadly for me, she was married and playing away after one too many drinks, so there was no chance of another go. At least she let me keep her moist knickers, and from the second she left my place I spent the rest of my weekend wanking myself silly, holding them up to my nose.

Still, I’m glad I never ended up with Suzy because I might never have met Camille. She’s straight but always says she’s a sucker for a pretty girl, and I’m happy to let her indulge her lezzie side. I didn’t even mind when she started seeing Nadia, which got pretty serious – until I realised I hadn’t fucked, licked or even fingered her in a week. When she’d bothered coming home to me from Nadia’s place I’d have been crashed out for hours. So I didn’t think it was unfair to insist, when she crawled in at about noon on Saturday, that I wanted her in my bed that night. She frowned, like she’d already made plans with Nadia, so I said she could invite her over.

When I first laid eyes on Nadia, I realised why I hadn’t seen much of Camille, especially when she stripped off to reveal a pouting, shaved snatch. I didn’t think I’d get to do much more than look, so I didn’t come on strong. What surprised me was when Camille said she wanted to kick things off with me – I’d expected to be wanking off over a lezzie show! Even though Nadia didn’t fuck men, she loved playing with dildos and got a buzz out of watching a straight woman take a cock when they watched porn together. She’d never seen it in the flesh, though, and Camille thought it was time she did.

I hid my nerves – I’d never fucked in front of anyone before – but despite having a moment of thinking, “Shit, I can’t do this…” the sight of Nadia idly stroking those smooth pussy lips as she watched me caressing Camille made sure I was totally hard. I slid inside and started banging away deep inside her, making her moan aloud. As she felt me get closer to coming, she arched up and back, so I could give her tits a good grope as I buried myself in her down to my balls, then emptied them inside her.

Camille hadn’t come yet, but when I tried to finger her clit she brushed my hand away. She slid off me and sprawled on the bed, calling Nadia over. Next thing I knew, Nadia was on all fours with her face between Camille’s thighs, swallowing my spunk like the sight of us fucking had turned her straight.

Unfortunately not. She still didn’t want a fucking from me, even though the sight of them got me instantly hard again. They swapped positions, Nadia lying on the bed while Camille sat on her face, and it was so hard for me knowing I couldn’t give Nadia’s unfucked snatch a stuffing. Camille took my mind off things, calling me over to sit opposite her, virtually straddling Nadia’s tits. She snogged me, and then started wanking me as I felt her up.

When I felt myself about to come, I moaned into Camille’s mouth, letting her know. She just ignored me and carried on rubbing my prick until I shot my bolt, showering her lezzie friend’s tits with my seed. Nadia didn’t seem to notice, she was so caught up in licking Camille’s snatch, and I heard her wet, slurping moans as Camille finally came, juicing down her throat.

I didn’t have a chance – I slumped down in a chair as the two girls snogged away next to each other on the bed. Nadia looked a tiny bit fazed when she saw her tits coated in spunk for the first time, but she loved it when Camille started playing with them, giggling as she shoved them together then let them slip apart, sticky threads stretching between them, before licking them clean.

I was surprised that Camille was happy to lap up my mess and share mouthfuls of it with her mate as they tangled tongues. Even before they’d lapped up the last of it my balls were starting to ache for another go, but I left them to it, reckoning I’d save myself for later.

Obviously I was hoping for a fuck with Nadia but that never happened. When she left the next morning Camille asked me what I thought. I told her at least I’d have some really horny memories to wank over the next time she was off with her girlfriend. She took the hint, and said she’d make it all up to me. And she started right there and then…

LOVE RAINE O’ER ME!

Dear *Mayfair*,

Thanks for featuring the nation’s finest arse in your latest issue! I’m talking, of course, about Naomi Raine, who’s got the most perfectly peachy jacksie I’ve ever seen – and if anyone wants to argue, I suggest they look at page 31 for proof! What I wouldn’t give to have Naomi lowering that perfect posterior down onto my face so I could bury my nose in her inviting snatch! And then to watch her lowering it down again onto my aching pole! Talk about heaven on Earth!

All in all, another good issue for a lingerie lover like me – Brooke, Emma, Naomi and Holly all sported tasteful frillies of some sort – but it was a shame Chelsea and Louise weren’t playing along! Maybe next time…

Adam, Crewe.

Well stone the crows – something like nine whole months have elapsed since we premiered the charms of Miss Hannah Zebedee in *Mayfair*, and this is the first time we've got round to getting her back in! There's really no excuse, other than by admitting that time really does fly when you're having this much fun. Still, Hannah's been a good girl, waiting patiently till we gave her the nod again…

"I've been waiting patiently alright," she corrects us, "but I wouldn't say I'd been a good girl while I've been doing it!"

Hmm, well, to be honest we rather hope not – having a girl as lovely as Hannah behaving herself for months on end seems like a bit of a waste, frankly!

GENTLEMEN, That Reminds Me

Well this is the best we could muster, but if you think you can do any better, email us your efforts at: mayfair@paulraymond.com or send them to: Mayfair, 23 Lyon Road, Hersham, Surrey, KT12 3PU.

This bloke walks into the fanciest restaurant in town and roars at a waiter: "Oi! Where's the goddamned manager, you great mindless arse-wipe?"

The waiter is taken aback and replies, "Excuse me, sir, but please refrain from using foul language!"

The manager appears and the bloke asks, "Are you the bumhole-shafting manager of this stinking joint?".

"Yes, sir, I am," replies the manager, "and I'd prefer it if you'd drop the profanities".

"Ah pish off!" retorts the bloke. "So where's your fucking piano?"

"Ah," says the manager. "I see! You've come about the pianist's job!" And he shows the bloke to the piano. "Can you play any blues?"

"Of course I bleeding can!" And the bloke proceeds to play the most inspiring honky tonk blues ever.

"Why, that's superb, what's it called?"

"I'm Fucking Your Missus On An Old Sofa But The Burst Springs Keep Stabbing My Nuts," replies the pianist.

The manager is a bit disturbed but asks if the bloke knows any jazz. The bloke snorts and proceeds to play the most melancholy jazz solo the manager has ever heard.

"Magnificent!" cries the manager. "What's it called?"

"I Tried To Wank Against Some Dumb Bint's Front Loader But My Bell-End Got Snagged In The Soap Drawer".

The manager asks if the pianist knows any romantic ballads and the bloke plays the most heartbreaking melody ever penned.

"And what's that one called?" asks the manager.

"I Long To Bum You Under The Stars With The Moonlight Glinting On Your Ring-piece," responds the bloke.

Though distressed by the pianist's language the manager offers him the job on condition that he doesn't ever introduce any of his melodies.

This arrangement works well, until, one night, sitting opposite the piano, the pianist clocks the most gorgeous blonde he has ever laid eyes on. She's sitting with her legs slightly open, sucking suggestively on asparagus shoots with the butter dribbling down her chin! It's too much for the bloke and he runs off to the bogs to "wrestle with his bald-headed chimp". He's giving himself a ferocious hand-shandy when he hears the manager roaring: "Where's that bloody pianist?"

He just has time to shoot his load and in a fluster he tears back to the piano. Not even remembering to adjust his clothing, he vaults astride the stool and starts playing.

After a moment the blonde wanders over to the piano, leans over and whispers in his ear: "Do you know your knob and balls are hanging out your trousers and dripping spunk on your shoes?".

"Know it, you bleeding bimbo?" the pianist replies, "I fucking wrote the bastard!"

Paramedics attend a nasty accident involving a sports car…

When they see the driver sitting behind the inflated airbag shrieking in pain, they're a little disgusted by his antics and one eventually tells him to calm down – as at least he wasn't flung through the windscreen like his poor girlfriend.

He screams back: "Have either of you seen what's in her frigging mouth yet?"

An ambitious yuppie finally decides to take a vacation. He books himself on a Caribbean cruise and proceeds to have the time of his life. Then the liner suddenly sinks. The yuppie finds himself on the shore of an island with no other people, no supplies... Only bananas and coconuts.

After about four months, he is lying on the beach one day when the most gorgeous woman he has ever seen rows up to him. In disbelief he asks her: "Where did you spring from? "

"I rowed from the other side of the island," she says. "I landed here when my cruise ship sank a year ago."

"Amazing," he says. "You were really lucky to have a rowboat wash up with you."

"Oh, this?" replies the woman. "I made the rowboat out of raw material I found on the island. The oars were whittled from gum tree branches; I wove the bottom from palm branches; and the sides and stern came from a Eucalyptus tree."

"But that's impossible," gasps the yuppie. "You had no tools or hardware."

"Oh, that was no problem," replies the woman. "On the south side of the island, there's a very unusual strata of alluvial rock exposed. I found that if I fired it to a certain temperature in my kiln, it melted into forgeable ductile iron. I used that for tools and used the tools to make the hardware."

The yuppie is stunned.

"Let's row over to my place, " she says.

After a few minutes, she docks the boat at a small wharf. As the man looks onto shore, his haw drops. Before him is a stone walk leading to an exquisite bungalow.

As they walk into the house, her beautiful breasts bouncing with each step, she says casually, "It's not much, but I call it home. Sit down please; would you like to have a drink?"

"No thank you," he says, still dazed. "Can't take any more coconut juice."

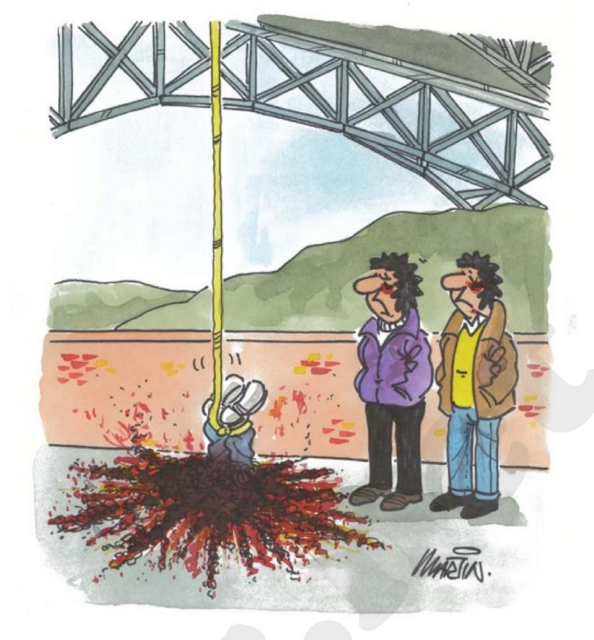
"It's not coconut juice," the woman replies. "I made a still. Fancy a Pina Colada?"

Even more gobsmacked, the man accepts.

Afterwards, the woman sits down on a sofa and beckons for him to sit down next to her.

"Tell me," she begins, slithering closer, "we've been out here for a very long time. You've been lonely. I've been lonely. There's something I'm sure you really longing to do right about now… something you must have been aching for all these months?" She stares suggestively into his eyes.

The yuppie can't believe what he's hearing. His heart begins to pound. "You mean...", he gasps, "You mean I can actually check my e-mail from here?"



"That's something you don't see very often - a bungee jumper who doesn't understand the metric system!"

BIG CAT RESCUE!

Will Jaguar's innovative SUV concept give the brand the shot in the arm it needs? Reckon so!

First there was a Jaguar diesel. Then a Jaguar estate. And now, the brand has traditionalists' heads in even more of a spin with the first-ever Jaguar SUV. The C-X17 was revealed at the Frankfurt Motor Show earlier this year, and combines stunning design and a sumptuous interior with a groundbreaking aluminium platform and a range of clean yet powerful engines. And if a few old fuddy duddy fans of the big cat are upset by what it stands for, tough – Jaguar has long since recognised that it needs to innovate and expand or die, and the C-X17 is central to this.

The car doesn't just point towards a new SUV; the underpinnings will form the basis of a whole new range of Jaguars, including a model in the crucial compact executive market dominated by the BMW 3 Series. Success here could help the company double its sales and more.

The new 3 Series rival is due in showrooms first, in 2015, but the SUV isn't just a motor show flight of fancy. Jaguar will introduce a production version of the C-X17 some time in 2016 – and if its past concept cars are anything to go by, the design you see here is likely to be pretty much what appears in showrooms.

The car is 4,718mm long and 1,959mm wide, but crucially it has a low, purposeful stance, at only 1,649mm tall. Huge 23-inch split five-spoke alloy wheels add to the dynamic feel, as do the LED headlamps, J-shaped daytime running lights and the frosted foglights beaming out from the large front intakes. There's no mistaking the large grille, which takes cues from the XJ, while the strong, sculpted shape of the rear haunches is reminiscent of the F-Type sports car. Add the striking Caesium Blue paintjob, and the C-X17 makes an instant impression.

Inside, the sense of purpose continues, with four bucket seats. But the whole of the interior certainly lives up to the premium feel Jaguar customers demand. A mix of Jet saddle Connolly leather and Orchid Connolly leather trims the seats, as well as the instrument panel, doors, armrests and floor, and the die-cut Houndstooth finish on the 3mm thick saddle leather adds to the visual appeal.

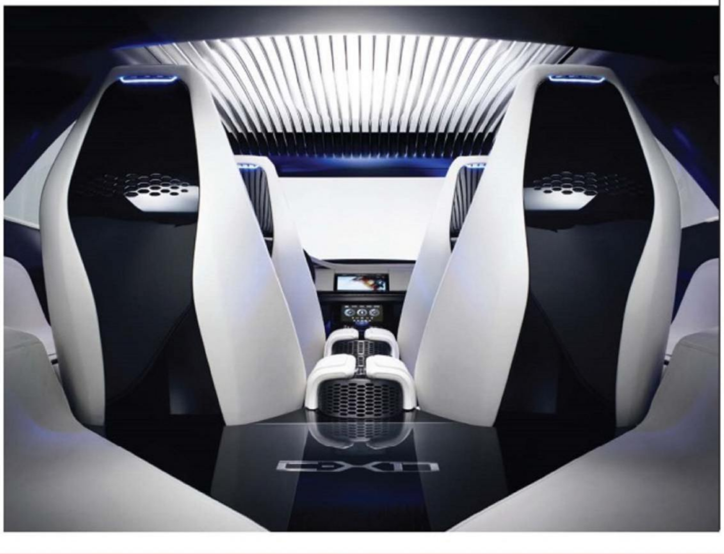
> "THE C-X17 COMBINES STUNNING DESIGN WITH A GROUND-BREAKING PLATFORM…"

Yet the traditional handcraftmanship of the hide is blended with modern touches. A central tunnel runs the length of the cabin, incorporating a number of screens under a continuous transparent acrylic glass panel. This gives all occupants access to a variety of settings for the interior and, with the help of the on-board Wi-Fi connection, allows them to share their experiences via social media, or just 'flick' information to another passenger using a different screen.

There's also a high-end stereo, produced by JLR's audio partner, Meridian, that uses speakers mounted in the A and B-pillars and the headrests to deliver breathtaking sound quality. A cleverly shaped panoramic roof adds to the sense of space, while two extra 'leisure' seats flip up in the boot for when the car's parked with the tailgate open and you want to perch and watch the world go by. And rounding out the cutting-edge feel is the variety of subtle metal finishes for the interior, ranging from ruthenium (a kind of platinum) and milled aluminium to black brushed

anodised metal.

Aluminium has a much bigger part to play under the skin. The C-X17 showcases the modular, scalable iQ[Al] architecture – one of the fruits of the massive investment Jaguar is making in its UK operations. This structure will form the basis of all manner of new and exciting models that will help the brand expand beyond all recognition. It'll underpin the 3 Series rival first, making that car the first in its class to use an aluminium monocoque structure. And as the structure is incredibly light and stiff, engineers can ensure any car using it performs and handles as a Jaguar should – even the SUV, when it follows around 12 months later.



Bosses aren't saying what will power the SUV when it comes, but they're talking up the company's new range of four-cylinder petrol and diesel engines – which will be developed at a new, multi-million-pound facility in Wolverhampton. When combined with the lightweight architecture, these engines will allow the car to offer strong performance and efficiency – Jaguar is promising it'll break the 100g/km CO2 emissions barrier for the first time. But performance fans won't be forgotten, as the petrol V6 from the F-Type will give the new SUV amazing pace.

> **"JAGUAR SAYS THE LOW CENTRE OF GRAVITY AND RANGE OF TECHNOLOGY WILL DELIVER IMPRESSIVE AGILITY FOR A CAR OF THE C-X17'S SIZE."**

The squat stance hints at genuine driver appeal on the road, and Jaguar says the low centre of gravity and range of technology will deliver impressive agility for a car of the C-X17's size. Torque vectoring constantly monitors the cornering performance, and then uses the brakes to rebalance how much torque is delivered to individual wheels. This ensures the car always provides maximum grip and helps to dial out understeer.

Yet that's not to say the SUV won't be capable off the beaten track. It has 213mm of ground clearance, and while the intelligent all-wheel drive sends power to the rear wheels most of the time, when grip is in short supply it feeds torque forward to the front to pre-empt and react to wheel slip.

So unlike many motor show concepts, this car really means business. And hats off to owner to Tata: it's investing in Jaguar in a way nobody ever did in the days the traditionalists pine for. The brand's future is looking bright, and that can only be good news for UK industry.

Time for another stunning *Mayfair* debutante? Yes, we think it probably is, so please allow us to present the delectable Charley Atwell, who's been wowing lads on the middle shelf for quite some time now but who has (no doubt lured by our reputation as the finest top shelf mag in the country) agreed to strip off completely, just for you lot! So what's it like, baring all for a national institution like *Mayfair*?

"Hmm, it's a bit strange, to be honest. I'm not really used to letting people see my pussy unless they're, well, going to be allowed to do something with it!"

Yes, we can imagine it's a bit odd. Er, if it'll help at all, perhaps if you allowed us to, you know, have a little play with it, then it won't feel so odd…?

"Oh, really? That's very kind of you!"

Please, it's the least we can do!

☐☐☐☐☐☐☐☐

Ah, the year might be getting pretty far in now, but lo – we've still got cracking new British babes up our sleeve to reveal! Penny Lee here hails from West Sussex, which by our reckoning has got to be one of the most well-to-do counties in the land – so is she a bit of posh sticking it to her folks by getting her lovely bod out in the nation's foremost gentlemen's magazine?

"Oh, I wouldn't say I was posh!" she giggles. "I mean, we didn't go skiing twice or year or anything, and I only had the one pony…"

Just the one pony, eh? Who would have imagines such deprivation still existed in this once proud nation. Still, Penny's upbringing couldn't have been that bad if she turned out like this!

KELLY

Age: 25 **Vital Stats:** 32DD-24-32 5'4"
Photographer: BB Media

I don't know about you lot, but if I was a pretty girl, I'd spend a fair bit of time gazing at myself in the mirror. I know, I dare say the appeal would wear off after a while, but still – wouldn't it be sweet for a bit? Anxious to find out what a pretty girl like Kelly does do to while away the time, we asked her if she does actually spend any time ogling herself…

"I used to!" she grinned. "Girls' bodies undergo a lot of changes when they're in their teens, and I was fascinated by how my boobs were progressing, or how my pussy was coming along!"

That sounds fair enough; and now you're a fully grown woman?

"Well, yes, sometimes. I'm a bit embarrassed to admit it, but now and then I still have a wank in front of the mirror!"

We can't blame you, love!

QUEST…

There's something about getting away from it all that brings out our wilder side - and these girls have certainly got wilder sides!

I love travelling, and recently I had the most wonderful adventure while flying from Heathrow to Milan.

I had been saving for this trip for a while and had meant to go with a friend, who unfortunately – or perhaps fortunately in retrospect – let me down at the last gasp.

So I set off by myself, never imagining for a moment that I would be spending the next two weeks with the hottest-looking bloke I had ever met.

I was sitting in the departures lounge waiting for my flight to be called when I noticed Glauco staring at me. He was gorgeous, so naturally I smiled at him when I caught his eye.

Once we were summoned to board the plane I pushed my way close to him as we queued to hand over our boarding passes. Somehow we were just naturally attracted to one another because once we started talking we could not seem to stop, and when we found that the plane was not full we were able to get two seats together.

When we arrived in Milan, Glauco asked where I was staying and arranged to meet up with me that evening to show me the city. I was very excited about seeing him again that night as I found myself totally sexually attracted to him, and began daydreaming about what the pair of us could do in a bed.

Glauco arrived a little early for our date, and I had to open the door with only my robe on. It did not seem to matter much to him that I was in a state of undress, and he came into the room and sat at the end of my bed watching me intently as I began to pick out something to wear out that night.

Before I had time to choose a dress from the wardrobe, Glauco had moved up behind me and had pulled my long brown hair to one side so he could kiss me on the back of the neck. It felt fabulous and I found myself melting into his arms as he kissed and caressed me. His hands were gentle but insistent as he slowly removed my robe and I was left standing naked in front of him. His sexy Italian voice made my pussy dampen as he ran his hands across the soft skin of my back and down between my legs.

> "HE FLICKED THE TIP OF HIS TONGUE ACROSS MY CLIT, TRIGGERING MY FIRST ORGASM."

I gasped with excitement and lust as I reached up and began kissing him deeply. He returned my kiss with just as much passion and allowed me to start unzipping his trousers. As I slid them down his legs my attention was drawn to the prominent erection which was tent-poling the front of his boxers. Smirking like the cat that got the cream I reached out for it, and, squatting, took his thick member in my hands and began stroking it.

Glauco fondled my hair as I sucked his thick knob as deeply as I could, hollowing my cheeks hard in the process. He looked down into my eyes as I continued sucking him, smiling happily as I gave him pleasure. I could feel his cock harden and grow as I worked on it. It almost made my jaw sore as he slid his cock in and out between my lips. Then with a sigh he pushed me gently back from him, joking about how easily he could come in my mouth and ruin the rest of our fun for the evening.

Helping me to my feet he removed the rest of his clothing. Then, lifting me onto his bed, he spread my legs, and, kneeling between them, began licking my pussy. His tongue moved teasingly along the length of my super-

sensitive slit until I thought I would die from the utter pleasure he was giving me. Then expertly he flicked the tip of his tongue across my clit, triggering my first orgasm of that incredible evening.

I lay back, enthralled by the wave of intense excitement that swept over me, making my pussy throb exquisitely as I came long and hard. Glauco seemed very pleased with himself, and as I began to recover from my climax he pressed me back on the bed and pushed his cock between my thighs. I was quivering with lust by this time and more than ready to take his cock inside my pussy when he mounted me.

My whole body seemed electrified by his touch and my skin tingled where his fingers brushed against it. He pushed his shaft inside me, slowly at first but then gradually working up some speed as his cock moved deeper inside me. In and out his thick cock slid, creating the most beautiful friction as it did so, sending me spiralling towards another fantastic climax.

My back arched as I felt his cock harden inside my hot slot. I could feel it pulsing deep inside my pussy and my breath came in harsh gasps. Glauco was becoming more and more excited as his cock plumbed my throbbing pussy. Back and forth he shunted that big cock of his, making me happier by the moment as he fucked me longer and harder than I had ever been fucked before.

My pussy was throbbing and contracting around his shaft when I felt him stiffen and get ready to loose his load inside me. Deeper and harder he plunged his cock, making me squeal in delight as he prolonged my pleasure by slowing the pace once again.

I was crying out now and raking his back with my nails, begging him to come inside me, as he shunted back and forth with a steady rhythm. But he plainly wanted it to last and had no mercy on me for about another minute, at which point he relented and, groaning, plunged his cock in to the hilt. I was sobbing with excitement as he triggered another orgasm by jetting copious floods of his spunk deep inside my trembling cunt.

……

Last month, I went on a friend's hen weekend to Amsterdam. Even before we left I had her groom tell me to make sure she behaved herself – she's a bit of a party girl when she gets going. I wasn't offended, but there are times I get a bit sick of having to be the sensible one. So much so, that it was me who ended up behaving worst out of the entire group!

My married life's OK but a bit dull, and when we got to Amsterdam we all made a pact that whatever happened there would stay there. Everyone indulged in the usual pleasures, including a trip to the sex district – and I surprised myself by finding parts of it quite horny. We went into a sex shop and bought the bride some kinky undies for the honeymoon, then headed off clubbing.

I don't know if blokes target hen parties thinking they'll get an easy lay, but a bunch of guys made a beeline for us as soon as we arrived in the club. The bride-to-be, for all she'd mouthed off about having one final fling, decided to behave herself – or at least she did the last time I saw her that night. The thing was, Andre, the bloke who'd chatted her up, was the one I'd fancied at first, although his mate, Callum, was almost as cute – and he seemed to take a liking to me! I ended up turning on the charm with the pair of them, and a few drinks later going back to the hotel room they were sharing.

Name: JANE
Age: 31
From: LEICESTER

In the hope of spicing things up with hubby, I'd made a few sex shop buys myself, and just thought 'what the hell' when Andre started rummaging in my carrier bag, grinning broadly when he found a tube of strawberry-flavoured lube. Callum was already all over me, snogging me, nuzzling my neck and groping my boobs through my tight top, when I broke away to talk to Andre. Andre squirted a glob of lube out over his fingers, licking it off, then, as Callum pulled up my top and popped my boobs out of my bra-cups, smearing it on my nipples. They stiffened right up under his fingers and I shoved my boobs forward as Andre sucked them clean.

> **"THE ONLY PLACE HE DIDN'T TOUCH WAS MY HOLE, SO I ALMOST CAME ON THE SPOT WHEN HE RAMMED HIS TONGUE DEEP INSIDE ME."**

Callum stayed behind me, making sure my tits got plenty of attention as Andre started undressing me, kissing every part of my body as he got it naked. I was anticipating him pulling down my knickers and seeing that I'd had a Hollywood wax – every last pube waxed off. That was another pact I'd made with the girls, everyone on the trip had one done, but I was glad now, because it made me feel so sexy.

Andre gave me another wicked grin when he saw it, and must have squirted out half the tube of lubricant into his palm. I shivered – in shock and pleasure – when he slapped it all over my pussy, using his fingers to work it into every fold. The only place he didn't touch me was my hole, so I almost came on the spot when he rammed his tongue deep inside it.

Callum never let up on what he was doing to my tits, squeezing my globes, and pinching my nipples. When Andre sucked on my clit at the same time, it felt like they were connected, like sparks were flying from them. I wanted even more, though. "Fuck me…" I groaned.

I didn't care who did the honours first – as it turned out, it was

Callum. Andre said he had a thing for fucking girls doggy-style, and that was fine by me. I crouched on all fours, a stack of pillows under my boobs so my hands would be free to play with Andre's dick. I slathered lube all over his cock and balls, and gave him a two-handed wank, fondling every inch of them until he was as pumped-up as I could get him.

Callum took ages to actually get his cock inside me, just messing around with my cheeks like he'd done with my tits. Just when I thought he was going to stick it in, he'd slap it along my crack and shove my cheeks hard together around it, like he was using them to wank it. Then he asked Andre for some lube, which he squirted onto my arsehole. I braced myself but still gasped out loud when he slipped a finger up it, then whimpered with pleasure as, finally, his cock eased its way up my fanny. I felt his prick rub against his finger thought the wall of flesh dividing my cunt and arse, and he really knew how to work this when he started fucking in and out. Andre's cock was starting to dribble pre-come, which I lapped up, then I took his helmet in my mouth and started to suck.

Andre's was lovely and thick, and he was in control of himself, so I just let him shag it in and out of my mouth at his own pace so I had two cocks literally fucking me at each end. To slow him down I'd just start sucking him hard and he'd grind it around in my mouth as I rubbed his balls against my chin.

Callum, meanwhile, was pacing himself, watching my head bobbing in his mate's crotch. It's a shame he couldn't see Andre coming, though – I took the first few jets in my mouth, parting my lips so Andre could see it spurt all over my tongue, then I let it slip out again, aiming it so I could take the rest of it in my face. I looked back at Callum, and he thrust quickly for a few strokes, before getting control of himself again.

I don't know if they had an agreement, but Andre had hardly come before he was putting his clothes on and telling us he was heading down to the hotel bar to get us all some beers. I wasn't complaining, I was gasping, and I didn't want Callum pulling out to give him a come shot – I wanted to feel him spunk inside me.

"You know where I really want to fuck you, don't you?" said Callum, wiggling the fingers inside my arse. He used the last of my lube, making sure I was nice and slippery, before easing his long, fat cock up my tight arse. He fucked me slow at first, but soon he was banging it almost as hard as he'd done my cunt. "Can I come inside you?" he whispered, and my response was to clench my arse tightly around him, so he probably couldn't have pulled out if he'd wanted to. I had to bury my face in a pillow so I didn't moan the hotel down when his hot spunk flooded out up my arse.

I bought another tube of lubricant before I went home, but sadly my other half wasn't too impressed. If only he knew…

"I WHIMPERED WITH PLEASURE AS, FINALLY, HIS COCK EASED ITS WAY UP MY FANNY."

Name: TINA
Age: 22
From: LIVERPOOL

It was my first holiday without my parents that my wildest sexual experience happened. I had fuck all money, being barely 18 years old, and nor did my best friends Lesley and Carrie, but we had a shit load of attitude and enough confidence to make Mick Jagger look like a shy toddler.

On the first night there we all – amazingly – pulled, but my guy was such a shit lay that I was back at our caravan before 11pm and had to listen to my mates getting fucked silly for the best part of an hour before all the groaning and moaning stopped and I could finally fall asleep on the sofa bed we'd agreed was the bed we'd sleep on if we didn't have a man to screw.

It was at that point that I thought my holiday could be the worst I'd ever been on. The sound of my two friends having what I could only imagine to be the wildest sex anyone had ever had left me saddened. Perhaps, I thought in my youthful stupidity, I was destined to only shag cute men who were shit in bed. Little did I realise what the rest of the week held in store…

The next morning, the two guys my mates had bedded made themselves scarce and were sure not to leave a forwarding address, so we were all free to go on the prowl that night.

That evening, after a day spent sunning ourselves and being extremely girlie, we hit the bars. Almost immediately we spotted one guy that we all had the hots for. He was tall, slim and had a rugged look about him – very manly! Then we decided to have a little game, whoever pulled him won an entire day's pampering from the other two. And that was that, we made a beeline for him and got chatting.

By midnight we were all back at our caravan, and so far none of us had successfully lured Gareth away from the other two. By then we were all pretty drunk and I accidentally let it be known what me, Lesley and Carrie were up to.

"I GRABBED THE REST OF HIS COCK AND BEGAN TO WANK HIM OFF INTO HER MOUTH…"

"But girls, there's more than enough of me to go round," he said, smiling and winking at us.

"What's that supposed to mean?" asked Carrie. "Do you have something in your trousers that we should be scared of?" she

went on, running her hand up his thigh.

"Why don't you take a look and find out," he said, egging Carrie on. That girl's never needed a second invitation and within seconds she had her hand on his crotch and was trying to find the outline of his dick through his jeans.

"Here, maybe you'll find it easier if I do this," said Gareth, undoing his jeans and pulling his fat cock from his trousers. Even flaccid, he was obviously a big boy; it was about eight inches long and as thick as my wrist! Carrie gasped and we all crowded round, having never seen anything so big before. She grabbed his cock and began to play with it and slowly he stiffened between her fingers until we were all face-to-face with an incredible ten-inches of cock. Me and Carrie wasted no more time staring at it and without saying a word to each other, we took it in turns to suck on this monster cock, or at least try to get it inside our mouths. I watched as Carrie spread her lips as wide as possible and took seven of Gareth's ten inches into her mouth. I grabbed the rest of his cock and began to wank him off into her mouth, watching his face for any reaction. But he wasn't watching us, he was watching Lesley.

Behind us, Lesley was playing with herself, staring at the three of us in front of her. She had her legs spread wide, her skimpy summer dress up over her thighs and her white thong pulled to one side. Her pussy, completely bald, was soaking and she was pulling her hood back and tickling her clit.

Carrie stopped sucking Gareth's cock to see what I was staring at and turned to laugh at the sight of our best mate wanking. As soon as she's stopped gobbling Gareth off, Lesley stood up and came over to us. She straddled Gareth's thighs and lowered her pink pussy onto his cock, slowly taking him all the way in, but she couldn't get more than three quarters of his length inside her.

"Turn around, baby," said Gareth. "Let your friends in on the party."

Lesley did as she was told, climbing off him and turning round, pulling her dress over her head and sitting back down on his ramrod cock. Now, instead of one fat cock for me and Carrie to try and eat, we had our friend's sopping pussy to play with as well. Incredibly, neither I nor Carrie thought anything of it and both of us just began to lick our friend's clit and suck on Gareth's hairy balls, kissing each other passionately over cunt and cock.

Lesley came, gripping me by the hair as I tongued her pulsing clit. While she let her orgasm subside, Lesley and I continued to enjoy each other, kissing with open mouths and stroking each other's bodies. We undressed each other until we were both naked and then Carrie lay back on the floor and asked me to eat her out.

"Let me," murmured Lesley over my shoulder, and she climbed down between Carrie's silky thighs and kissed her pussy, slurping noisily on her juices.

Gareth knelt beside Carrie's face and offered her his monstrous dick to eat and she willingly took him into her mouth. He fucked her face, strings of saliva and pre-come dripping down her chin. And there I was with nothing to do and no one to fuck me! I wasn't having that, I knelt over Carrie's face and told her to eat me out. Then I ordered Gareth to fuck me like a dog and got ready for some hard fucking, bracing myself on my hands. The feeling of having such a huge prick inside you is intense and that, together with the sight of Lesley eating Carrie out and Carrie licking me brought me to orgasm in no time. Unlike Lesley, I had taken all of Gareth's fat cock as her mercilessly banged at my snatch and he found it impossible to hold back, showering my arse and pussy and Carrie's face and tits in great wads of hot, white jizz.

Carrie was well pissed off that we'd all come and she hadn't, but ten minutes later Gareth as hard as a rock again and the two of them put on a great show for me and Lesley, culminating in us three girls lining up together to get covered in his come. That night we did everything imaginable together and in the morning Gareth left and us girls spent the rest of our holiday enjoying some wild lesbian orgies together.

Strangely, I have never since fucked my best friends, except for the odd girlie night in when we reminisce about Gareth's huge dick, and the wild sex we all had together that week. Caravans will forever give me a little tingle downstairs now...

A couple of undisputed horror classics this month, as well as a literary masterpiece getting the big screen treatment and, well, some American teenagers trying to get their ends away. It take all sorts, you know!

WHAT REMAINS

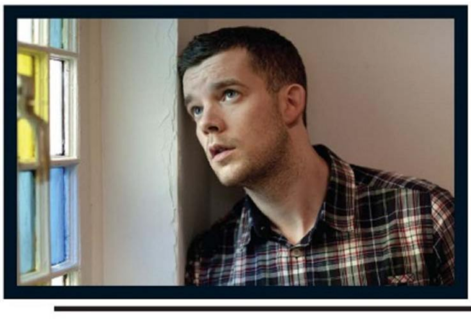
BBC
DAVID THRELFALL in
WHAT REMAINS
WHAT REMAINS
TBC

Once upon a time, TV cops used to solve murders and the like in the space of an hour. Maybe two hours if you were a prime time big hitter like *Morse*, and needed to squeeze a few riverside pints and some opera in in between all the deaths. These days, though, telly coppers like to take a bit longer to unearth the killers – first of all with Scandi-noir stuff like *The Killing* and *The Bridge*, now in out very own programmes like *Broadchurch*.

Having seen how well the latter did for ITV, you can't blame the Beeb for having a go at it's own mini-soap murder show, and what do you know, it was actually a bit of a blinder!

Permanently bedraggled David Threlfall of *Shameless* fame (although thankfully looking slightly better groomed this time round) takes the lead, as the just about retired Inspector Harper who's brought in on his last day, no less, to oversee the discovery of a body in the loft of a block of flats. It looks a bit like natural causes, and everybody seems inclined to let it go, except for Harper, who smells a bit of a rat. So who's responsible for the death? Well, we don't want to spill the beans here, but it turns out that just about everybody living in the block is a bit loopy one way or another, and had a strained relationship with the dead girl (played in flashback by Victoria Hamilton).

> Everybody living in the block is a bit loopy one way or another.
>
> **The Ed**



Like so many of these things, you're more or less that every single character mush have done it, but when the denouement comes it's pretty chilling and explosive. Top performances from a strong cast that includes David Bamber at his creepiest best and Russell Tovey add to the sense of class. If you missed it on the telly, now's your chance to catch up…

F.W. MURNAU

As a rule, films shot back in 1921 don't tend to stand up too well, but we're happy to admit there are a few notable exceptions, and quite possible none are more exceptional than F.W. Mernau's incomparable *Nosferatu: A Symphony of Horrors*. OK, so some of the film looks pretty mannered and over the top – frankly, Gustav von Wangenheim lays it on a bit thick as the newlywed estate agent Hutter, who's sent off to Transylvania to secure a property deal with the shady sounding Count Orlok. Still, once he gets there and we're introduced to Max Schrek's genuinely creepy count things crank up a few gears. This is quite clearly one of the most definitive screen performances of all time – it even led some to suspect that Schrek must have been a vampire himself to pull off such a chilling role. In any event, the count heads off to Germany, via a particularly unhappy boat journey, to check out his newly secured property, where he falls for Hutter's wife big time, and with catastrophic consequences.

Wonderfully restored, a DVD/Blu-ray release is on the cards, but meanwhile why not check it out on the big screen? Check out http://www.bfi.org.uk/node/12490 for screening details…

THE WICKER MAN

Time and again Robin Hardy's 1973 pagan-tinged classic is hailed as the greatest British horror film, and with good enough reason. It's not a typical horror at all – there's no real gore to speak of, and not even much to make you jump out of your seat, but for all that it's a truly original work that can't do other than leave a strong impression on the viewer. Famously it was all a bit butchered when it came out, and has been subject to various re-edits ever since, but now, finally, we have… The Final Cut! 3 whole discs of Blue-ray (or 4 on DVD) featuring the theatrical release, the super new edit, soundtrack, interviews and the like which should keep everyone happy – unless you happened to buy the last version. Still, Britt Ekland's dance is always worth a re-watch. Look out for the cinema run as well!

SQUIRM

Nature strikes back in Jeff Lieberman's feature debut – the something of a classic *Squirm* (1976) – in the form of flesh devouring worms, much to the surprise and horror of the poor Fly Creek residents who find themselves caught up in the slithering mass. These carnivorous little monsters are driven to the surface after a forceful storm brings down Georgia's power lines, sending a surge of electricity into the wet soil. With a showcase of early make up work by the Oscar winning makeup artist Rick Baker (*American Werewolf in London*), this splendidly tongue in cheek B-side horror film succeeds in delivering some tense moments as well as shovels full of comedy. The over ripe southern drawl and the inevitably bigoted sheriff chip in to make this low budget film especially entertaining.

WAR AND PEACE

As a book it's right up there with *Ulysses* as one of those that people like to pretend they've read, while really it's just gathering dust on the shelf. Well, if you reckon life's too short to plough through Tolstoy's mammoth classic, perhaps a film adaptation might be more up your alley? OK, so this 1968 adaptation (in Russian) by Director Sergei Bondarchuk might take a fair chunk out of your life as well, clocking in as it does at over 400 minutes, but then if you're going to adapt a whopping book, you ought to do it properly. It looks ravishing, and bagged the best foreign language Oscar at the time, so if costume dramas are your thing, then here's the daddy!

The Last American Virgin

LAST AMERICAN VIRGIN

Back in the 80s we weren't exactly short of American coming of age comedies about kids desperately trying to get their ends away, and for the most part they were pretty dire. Still, this one, directed by Boaz Davidson, actually stands up pretty well. Of course the hair, music and clothes all mark it out as a product of its time (although the soundtrack, to be fair, is pretty fine, with the likes of Devo, Blondie and U2 all cropping up), but if you can get past that, there's actually a rather touching film lurking underneath. Diane Franklin stars as the new girl in school who sets hearts pounding an adolescent knobs a-throbbing…

SWINGERS RETREAT

Digital Playground

CAST: Jesse Jane, Chastity Lynn, Brooklyn Lee, Capri Cavanni.

Just when my good right arm was in danger of withering away for lack of quality hand-shandy fodder, of all the titty-bars in all the world, this title rolls into mine.

Oh my goodness, what excitement I got out of it! First I used it as a frisbee. Then as an audio-visual aid to onanism. When a bad man came to my door I used the disc to cut myself a slice of throat with it. In all three capacities the DVD proved to be outstanding. I was so impressed I very nearly wrote to Digital Playground to tell them, but then I thought better of it, realising that they are busy people who would probably just dismiss my communication as the ramblings of an idiot.

Immoral thrill-seekers Jesse Jane and her beau, Chad White, decide to dip more than a toe in the waters of organised infidelity and sample the "swinging lifestyle" at a retreat, only to be tortured, maimed and eventually eaten by hillbillies, zombies, vampires, werewolves, Jigsaw and Norman Bates. (Just covering all the usual cliched bases.)

Besides, I'm only kidding: they both have the time of their lives, each being repeatedly shagged by an assortment of peculiar but attractive and zesty partners, with reigning XBiz Performer of the Year, Brooklyn Lee delivering a standout performance that sees her fucked six ways to Sunday and gulping down semen like a proper woman ought.

CAST: Jo (a.k.a. Monica Sweet), Eve Angel, Cipriana, Sandra Rodriguez.

I Dream of Jo
DESIRE AND DECEPTION
R18

Goodness! Why, I remember little blonde Hungarian Jo back when she was just a barely-legal pretend-schoolgirl lesbian, shyly telling her voluptuous female teacher, “I love you, Miss,” and snacking gently away between her errant educator’s spread-eagled thighs like she’d left her lunch-box at home. Those were the days!

Anyhoo... Jo is back, for the third time at least. Back at the crack, wrestling with another posse of European super-lezzers, all doing what lesbians do best – which is to entertain male onlookers with well-developed wrists. Even so, I won’t kid you: there are several adult scenes in this and it’s not really suitable viewing for minors. So send them to bed before you start spanking to it.

As always Viv Thomas delivers the skirt of one’s dreams in a host of compromising positions, munching rug and fingering each other’s furry squeezeboxes in the vain hope of eliciting an old maritime tune.

My least not-favourite moment? When one of these goddesses pounces on another like a gay lady panther and launches such a spirited attempt to burrow her face so deep in another babe’s vagina that I feared the former’s head would emerge from between the poor girl’s arse-cheeks wearing the latter’s minge like a tiny toupee.

CAST: Jessica Drake, Asa Akira, Bonnie Rotten, Teal Conrad.

SEXPIONAGE
the drake chronicles

Armed with only with her wits, tits, slit and a battery of weaponised rubber johnnies, secret agent Jessica Drake locks horns – and, ultimately – genitalia with super-villain Brad Armstrong in a comedy thriller which, though neither especially comic nor thrilling, still had me squat-thrusting and stroking like a demented chimp. So high-fives all round.

If you’ve ever watched a porn flick of this sort you will be unsurprised to learn that in order to nail Armstrong, Jessica has to be nailed a few times herself, even craftily posing as a cheerleader to wring information, and a messy facial, from feeble-minded security guard Mr Pete.

It is now 17 years since Lloyds of London or some equally incautious firm insured Steven St Croix’s dongler for a million dollars, and though the policy lapsed within a twelvemonth, the man with the once-golden trouser-flute proves he still has what it takes to get a boner when he’s unexpectedly wrangled to the floor by ruthlessly randy double-agent Bonnie Rotten.

Steve, in the role of a hapless scientist and engineer, fights back the only way he knows how, stabbing shapely Bonnie hysterically with his pork sword until she shrieks and rolls over on her side. No blood of course, just a sinister pool of spunk.

Recommended viewing for heterosexuals of both kinds.

Cream pies? What?! Yes indeed. Tragically for a DVD which is supposed to be about how alluring young Italian women are, this title evidences a runaway obsession with spunk being squeezed out of female arse-cracks. So if that prospect doesn’t exactly make you want to grab the nearest dessert spoon, I advise you to put on your protective *Breaking Bad* meth-lab suits and stand clear.

Remarkably for a country which, I have heard it said, is only boot-shaped because you can’t cram that much crap into a shoe, the Italians have produced far more than their share of the world’s most insanely sexy females. Like Sophia Loren. Or take Sophia Loren for instance.

Sophia Loren would be yet another example.

And these are all just off the top of my head.

Director/male lead Omar loves Italian girls and encounters several gorgeous specimens, the most splendid being Asia Morante and Ionella Dantes, who acquit themselves well until it comes to the obligatory tragic stunts with their slop-soiled behinds.

If it weren’t for the proliferation of anal cream pies this movie would be something approaching a beautiful thing. Then again, just because I don’t care for something (e.g. another bloke in my bed) doesn’t mean that other people won’t get a good shudder out of it – indeed, you may well!

Tracy

"When are you going to uncover the girl on the cover?" That was the plea that we heard several hundred times when Tracy James revealed her stunning 44-26-38 figure on the front of our last issue. The 19-year-old from a village near Stratford-on-Avon couldn't believe it when we told her the enormous reponse to her cover shot. "I was really proud when I saw it in my local newsagents, and hung around hoping somebody would recognise me," she says. "When nobody rushed up and asked me for my autograph, I came back down to earth. Now, I've got my head in the clouds again!"

Photographs by Chris Lapin

Tracy's *Mayfair* appearance has had a big effect on the men she meets. "The ones I've told look on me in a whole new light," she claims. "They see me as a steamy temptress now, not just the girl from the house near the canal. I hope I can live up to it!" So how will they react when she appears inside? "One thing's for sure, I'll have a lot more boyfriends this winter than last. I can't wait!"

MAYFAIR
Classic

From the blurb, it sounds like everything worked out a treat for Tracy after she appeared in *Mayfair* back in 1991. Did she get plenty of boyfriends to see her through the winter? We certainly hope so, if only for the sake of the lads who lived near her at the time. With those charlies of hers, though, we can't help thinking she wouldn't have gone short even if she hadn't appeared in *Mayfair*...

CELEBRITY MUSICAL CHUFFS

SEX DEGREES OF WOODY ALLEN

For a specky little balding man who has frequently described himself on stage and camera as "some loathesome beetle fit only to be crushed" WOODY ALLEN has had more crumpet than most… some of it a trifle controversial, if not exactly downright dodgy.

The New York screenwriter, director, actor, comedian, author, playwright, and musician, whose career spans over 50 years, came up as a comedy writer in the 1950s, writing jokes and scripts for television before performing as a stand-up comic, employing off-the-wall self-deprecating monologues rather than traditional jokes. By the mid-1960s Allen was writing and directing hilarious and original comedy films.

In 1956 Woody married his first wife, HARLENE SUSAN ROSEN. The couple divorced in 1962, but lawsuits continued for most of the decade, partly due to Allen's snide comments about her in interviews.

In 1966 he wed comic actress LOUISE LASSER, who would go on to star with him in *Take The Money And Run*. They divorced in 1970 and Woody moved on to his next leading lady, the dazzlingly offbeat DIANE KEATON. While the couple's affair only lasted a short time, the two continued to make films together for several more years, including the brilliant *Love And Death* (1975) and *Annie Hall* (1977).

His next significant relationship, beginning in 1980, was with MIA FARROW, who had already seen off husbands FRANK SINATRA and ANDRE PREVIN. Their relationship lasted until 1992, when Farrow found Allen's stash of iffy pictures of Mia's adopted daughter SOON-YI PREVIN (then aged 20) and went shouty-crackers in the media.

Allen married Soon-Yi in 1997 and has never looked back, except over his shoulder.

In this MONTH

In 1429: Henry VI is crowned King of England at the grand old age of eight. Following the death of Henry V he had acceded to the throne at the age of nine months but seemingly didn't do much for the next few years.

In 1889: Newspaper reporter Elizabeth Cochrane (pen name Nellie Bly) sets out from New York to beat the record of Jules Verne's imaginary protagonist Phileas Fogg, who travelled around the world in 80 days. Spoiling the charm of the book for all time, Bly returned to NYC just 72 days later.

Nellie, who would do absolutely anything for publicity, is also remembered for committing herself to a mental asylum just so she could write about what it was like (*Ten Days In A Madhouse*) and for selling herself into bondage in a sweatshop (*Nelly Bly As A White Slave*).

In 1900: Margaret Mitchell is born in Atlanta, Georgia. Her romantic novel about the American Civil War – her only work – is destined to sell over 10 million copies, win a Pulitzer Prize, and become one of the most insipid movies of all time in 1939. Ten years later she will die after being struck by a car… though many people like myself who've had to sit through it on TV each Christmas since childhood would've been just as content if the job had been done with a phonebook.

In 1950: US President Harry S Truman survives an assassination attempt by two members of a Puerto Rican nationalist movement. I actually didn't know that.

Etiquette for the BEWILDERED

An A-Z of things you really, really need to know. No honestly...

A "California No" is a new term employed to describe the evasive fashion in which sun-soaked Californians, who tend to be much more upbeat and obsessively polite and positive than their blunter counterparts in other states, go about the business of rejecting any given proposition they don't like.

Instead of simply coming out with it and saying "no," most Californians dodge giving negative replies by evading the question, changing the subject altogether, forgetting to respond to emails, and generally postponing the issue.

C IS FOR "CALIFORNIA NO"

LUDICROUS MOVIES

Some movies and movie franchises are just so preposterous that it's a wonder most people don't start leaving the cinema after the first five minutes, or else attack the screen with baseball bats and machetes… My goodness. have we been spoiled for choice with ridiculous movie plots recently, or what? Here are three particularly appalling ones:

FRANKENSTEIN'S ARMY (2013)

On the Russian Front towards the close of World War II, a poorly cast ("Also starring Hon Ping Tang as Ivan") ragtag patrol of Soviet soldiers stumble across a secret Nazi lab where scientists have been studying the journal of Dr Victor Frankenstein.

Building on the legendary Frankenstein's work, these wicked boffins have succeeded in creating the ultimate weapon: an army of "super-soldiers" stitched together from the body parts of their fallen comrades in a last ditch effort to turn the tide of the war in their beleagured Führer's favour.

BUT… these "super-soldiers" are not your ordinary stiched-together army of the living dead. No, some of them have aircraft propellers stitched to their shoulders instead of necks and heads, others have bits of rusty truck axles instead of arms, motorcycle headlamps instead of eyes, and lawnmower blades instead of jaws. It's clear that the retreating Nazis are sewing together whatever bits of old rubbish the ycan get their hands on, animating these poor man's cyborgs and sending them out with orders to kill anything east of Hitler's bunker.

FAMOUS LAST WORDS

As he was strapped into the electric chair in 1928:

"Well, gentlemen, you are about to see a baked Appel."

George Appel, convicted US murderer

Trapped in a labyrinthine hellhole with these monstrosities, the Russian soldiers are either killed in great sloshes of blood or else go completely fruit and nuts.

As will anyone who tries to make sense of this movie.

Just to make the plotline even more silly, the motion picture is supposed to be composed of "found footage" shot by the Russians as they rush about the place firing off all their ammunition, soiling their knickers and squealing.

It doesn't help that this makes one bilious as the shaky camera is practically swung round people's heads. Nor that the blood is so evidently poster paint. Or that the actors would be flung out of any self-respecting high school play.

Coming Next Month

Well there we go – that's 48.11 out of the way – barring the more than occasional re-read, of course (or at the very least another look at the pictures). That must mean that it's time for out thoughts to turn to 48.12… and what do you know, it's only another issue crammed full of the hottest British totty being a good bit naughtier than you're likely to see them elsewhere! We can promise some thrills and, if you're not careful, a good few spills as well, with the likes of Nina Leigh and Kayla Louise guaranteed to tickle your fancy. There'll be plenty more as well, but as we're not even sure ourselves yet, you'll just have to wait and see!
